In 2009 the African Shooting Sticks we made at our shop in Ohio won the most coveted award in the industry: a Gray's Best. That same level of quality is the benchmark against which we measure all of the other products we offer so you can rest assured our products will exceed your expectations.

In 2010 we became the "Official Gear Provider" to the African Professional Hunters Association. You can buy with confidence knowing that 100 of the most experienced PH's in the business trust us to provide their clients with all the gear they need to enjoy a safe and successful safari.

PERSONALIZATION-Many of the items in this catalog can be personalized. If you run out of time, we can send out an unadorned piece you can give and then send back for personalization after the holidays. We can not accept returns on products that have been personalized. There are three different personalization options.

1. SCRIMSHAW-This has the longest lead time. We craft the products in advance to fill orders quickly so unadorned pieces ship the same day. The majority of personalized scrimshawed products must be ordered by 11/18 to ensure holiday delivery. The only exceptions are the cigar cutters which can be ordered as late as 12/2.

2. PLATINUM SHOOTING STICKS ENGRAVING-These are

meant to be passed down to the next generation so this is a very popular option. You can show up to 20 characters. The contrast between the black connector and the shiny aluminum lettering looks great. Use the

box on the order form to request this option. Please order by 12/16 to ensure holiday delivery.

3. MONOGRAMMING-We purchased an industrial brander that can monogram selected leather/exotic hide items with up to three letters. Please see how the various colors and types of leather take the branding as darker, textured leather like elephant will have a much more subtle brand than lighter, smooth leather. You can order these as late as 12/16 for holiday delivery.

WARRANTY-If you buy it from us and are not satisfied, return the item and we will fix it, replace it or refund your money. Personal items can be repaired, but can not be returned.

WISH LIST-Set-up is fast and allows you to get exactly what you want and still be surprised. To get started, simply click on the "Wish List" link on our web site's introductory message.

LEAD TIMES-Last year we shipped 99.5% of holiday orders on-time and complete. We work all summer to build the raw

material components for our Shooting Sticks and have everything else in inventory before mailing the catalog. No one else offers custom-made products as quickly or reliably as we do, so order with confidence.
