WORTH PERSONALIZING

From the very beginning we set out to provide the finest products possible without regard to cost. For example, the braided Italian leather that complements several of our items costs 10 times as much as plain leather, but the basic product just didn't look right. One of the most frequent comments we hear is, "It was much nicer than I expected." We do our best to exceed your standards and provide high quality products that can be passed down for generations.

Speaking of which, my favorite rifle was passed down to me from my father. That link to the past is priceless and there is only one thing that could increase my emotional attachment to it - his name or initials on it. That is why we are pleased to now offer you three different ways to personalize selected products in the pages that follow. You can have these items scrimshawed, engraved or branded. Please order before the dates indicated for holiday delivery. If you run out of time, we can send out an unadorned piece to give and then send back for personalization afterwards. Details about these exciting options are on the front cover of the tear-out order form.

Right after the holidays, we will be at the Dallas Safari Club (#323 & 324), and after that you can find us at the SCI Show in Las Vegas (#3152 & 3154). In between, we will be at the Wild Sheep Show (#730) in Reno. We may even attend the Houston Safari Club Show so check the exhibitor directory. We can only show a limited offering on the road so call us in advance if there is a particular item you want to see.

To view more of our products or to get additional details on the ones shown, please visit our web site. Thank you for your continued support, and we hope you enjoy a great holiday season.

Good Hunting!

EXOTIC LEATHER ACCESSORIES

Crocodile Belts

AUSTRALIAN SALTWATER CROCODILE BELTS-These 1 $\frac{3}{8}$ " belts fit standard sized belt loops and are the best we have ever seen. They feature the most durable and dramatic portion of the hide, the ridged Hornback. This premium cut is usually reserved for the fashion houses but our small batch maker uses it for every belt he makes. We have never come across a better looking belt that combines one-piece construction and tough-as-nails durability. Order yours today and start turning heads! Sizing is easy: measure your existing belt from the hole you use to the end of the leather and order the closest even size. Brown or black, even sizes 32"-50". **\$349**

ZEBRA OR ELEPHANT SLING-Hand-sewn, extra-wide, padded sling designed to our specs for carrying heavy, big bore rifles. Circular grip and thumb-hole allow you to comfortably secure your rifle during long treks. Zebra or Elephant **\$99**. Monogram either one for \$15-order by 12/16 for holiday delivery.

Zebra & Elephant Slings

Zebra (top) & Elephant (bottom)

ZEBRA OR ELEPHANT DRESSER CADDY

Extra-thick 7"x7" cowhide frame with an eye-catching exotic hide panel and 1.5" deep sidewalls to keep everything in one place. Never misplace your keys or personal effects again! Zebra or Elephant **\$99**. Monogram either one for \$15-order by 12/16 for holiday delivery.

CAPE BUFFALO OR ELEPHANT CULLING BELT

These are designed to our specs so the cartridge rim sits above the leather, and the buckle is out of the way when the ammo is on your shooting side. The bullet loops are Cape buffalo or elephant hide and will need some break-in for big bore calibers. They are sized to fit over an existing belt so order your regular size. Small (30-36"), Med (38-44") and Lg. (46-52). **Cape buffalo (top) \$229 & Elephant (bottom) \$249**. Monogram either one for \$15- order by 12/16 for holiday delivery.

Cape Buffalo and Elephant Culling Belts

"Having grown up and hunted professionally in Africa, I'm always on the lookout for items that remind me of that great land. African Sporting Creations offers quality safari gear, like their African shooting sticks, that are useful wherever you hunt—I've used them from Botswana to Montana. They also offer all kinds of great items like hand-turned pens, Rhodesian Teak furniture and other custom-crafted items that are built to last a lifetime."

PLATINUM SHOOTING STICKS

PLATINUM GRADE SHOOTING STICKS-These shooting sticks are covered by a lifetime warranty and un-screw by hand to fit into your airline case. We make them ourselves in Ohio and go through over 100 steps before shipping them to you. On our competitors' shooting sticks, the connector/adjustment mechanism is the weakest part of the unit. We mill ours from a solid block of aluminum so it's the strongest part and won't fail when you need it most.

PLATINUM SEASONED HUNTER STAFF

A customer request drove the development of this product. After two knee replacements, this "seasoned citizen" wanted a shooting stick that would double as a stout walking staff to help him navigate the toughest terrain. The 1" diameter exotic wood shaft is very strong, and the virtually indestructible connector was designed to withstand the recoil of the .50 cal BMG round. The pictures will give you a good idea of the beautiful features and attention to detail we incorporate into what we think is one of the nicest products we make. Available in the three exotic woods pictured on the next page. **\$399** Specify your actual height in inches and whether you use a scope or iron sights. Engrave name for \$49- order by 12/16 for holiday delivery.

Each of our Platinum models feature the following:

1. Incredibly strong, positive locking aluminum connectors are hard anodized black to eliminate reflection.
2. Padded tops protect checkering and lock in your rifle.
3. The stiffest, most rigid sticks on the market due to extremely rigid kiln dried exotic wood or carbon fiber shafts.
4. Thick plastic bumpers make them extremely quiet and pencil sharpened bottoms eliminate metallic sounds.
5. Custom made to length and can be used standing (both sections) or sitting (top section only).
6. Includes a heavy-duty canvas case to prevent your sticks from coming into contact with your rifle during transport.
7. These are meant to be handed down so engraving the recipient's name is a very popular, \$49 option

"The staff is way better than I thought it would be even in the Alaskan alder brush, it was amazing. It was the reason I shot this moose."
-Mike Rogers, Host of Expedition Safari

AFRICAN SHOOTING STICKS

PLATINUM EXOTIC WOOD STICKS-These are the same ones that received the coveted Gray's Best award in 2009. They combine extremely rigid, kiln-dried exotic wood shafts and come with two pairs of circular hand-sewn tops that will not snag on brush, one in leather and the other in your choice of eye-catching zebra or buffalo for unmatched performance and visual appeal. Use the same sticks the best known PHs in the business rely on season after season and that travel everywhere with Craig Boddington and Mike Rogers. Available in the three exotic woods pictured. *Specify Medium (under 68"), Large (69-75") and XL (above 76")* **\$349.** Engrave name for **\$49**-order by 12/16 for holiday delivery.

Platinum Carbon Fiber Sticks

Platinum Shooting Stick Engraving

PLATINUM CARBON FIBER

SHOOTING STICKS-These are the first of their kind and are targeted at sheep hunters and anyone else who wants the lightest and most rigid sticks available. Carbon fiber is 4 times stronger than steel yet weighs less than aluminum. Full length versions are approximately 1 pound and Featherweights use a shorter connector to save additional ounces. Shorties weigh about a ½ lb. and are half-length sticks sized to help you navigate tough terrain and then take the shot from the kneeling/sitting position. *Full Length Featherweights - \$399, Full Length Standards - \$379 and Shorties - \$169. Med (62"- 68"), Large (69-75") and XL (above 76").* Use same height categories when ordering Shorties. Engrave name on full length models for **\$49**-order by 12/16 for holiday delivery.

Double Rifle Rest

DOUBLE RIFLE REST-Thick, padded leather rest is designed to fit wide double rifle fore ends like a glove but will also work great for bolt action big bores. Don't take a beating sighting in from a bench—stand up and roll with the recoil. Two thick loops of webbing slide over our leather tops and hold it in place. Not recommended for smaller diameter sticks. **\$35**

SILVER AFRICAN SHOOTING STICKS-These are just as functional as the Platinum exotic wood ones above but without all the bells and whistles. Shafts are Hickory, a tough, rigid wood used for axe handles, and the positive locking connectors are sandblasted to a matte silver finish. Comes with one set of machine-sewn leather tops and carry case. This is the same version Dirk de Bod, the SCI and DSC PH of the Year, has been using for the past 8 years. *For 69'-75" hunters - \$229*

Call us with your custom requests. *Monogrammed with Image-\$359 or Single Panel/African animals-\$329.* Order monogrammed and/or custom images by 12/2 for holiday delivery.

COURTENNEY BOOT COMPANY

COURTENNEY BOOT COMPANY®-When the Rhodesian Bush War began John Rice, the founder could not find boots tough enough to withstand weeks on patrol so he began making his own. Constructed entirely by hand of genuine game skin, each is as individual as the serial number it bears.

These boots are intentionally designed without a waterproof membrane to allow them to breathe freely. While those membranes do let some perspiration out, in the extreme heat of Africa they are too hot and trap moisture, both of which make you susceptible to blisters which can ruin a hunt faster than anything else.

While we only stock Courtenney's four most popular styles, we can special order any of their items for you. If you want a different style, color combination, or crepe sole on your boots, please contact us. Delivery times for special orders average approximately 90 days. We will be expanding our in-stock selection of Courtenney products in the near future so please check our website regularly.

The **SELOUS** features incredibly tough Cape buffalo uppers and a soft impala skin padded collar surrounding the ankle to provide exceptional support and comfort. This is the iconic safari boot of Africa and our most popular seller. Presented with a full range of accessories including polish, cloth, brush, spare laces and alternative innersoles to keep them in perfect condition for your next adventure. *Men's US 7-14 and Women's US 5-9.5 \$369*

The **VELLIE** (*pronounced fellie*) is a casual model you can wear into town or to the office. Styled on the classic WWII desert boot, the Rhodesian Vellie is the original with distinctive styling enhancements to add to the appeal of this timeless shoe of Africa. So comfortable that several customers say they have had theirs for more than a dozen years. *US Men's 8-12 in light tan suede-\$160*

The **PATROL** is styled after a military boot and is their tallest model, lacing all the way to the top with a soft antelope hide collar and full bellows tongue. Designed with the hunter in mind, the Patrol gives extra support for the most demanding pursuits. *Men's US 8-12-\$319*

The **SAFARI** is a shorter, 4" tall ankle height version of the Selous and their second most popular style. This is Courtenney's quintessential stalking boot. *Men's US 8-12-\$279*

The durability of these boots is legendary. Last year we spoke to a Namibian PH who wears a pedometer and walks approximately 750 miles each season. His last pair of Courtenneys finally gave up the ghost after 14 years of trekking through the African bush....more than 10,000 miles later!
