**“I never worked a day in my life,
it was all fun.”**

Those are Thomas Edison's words, words that resonate with us and probably with most of our customers--folks who have found something they love to do, are very good at because they enjoy it so much and thus have earned the ability to pursue their love of hunting, the outdoors and everything else that goes along with that. We take it as our responsibility at African Sporting Creations to bring you more joy in whatever you choose to spend your time doing - whether that is a day at the office, having some cocktails with friends, relaxing in your trophy room or a day afield.

Time after time, our customers tell us essentially the same thing: *“I come to you for things I can't find anywhere else.”* Your feedback makes perfect sense because more than 80% of our sales are generated from exclusive offerings: products we make ourselves, like our award-winning shooting sticks; design and have made for us, like our wide range of exotic leather accessories; or marquis items with very selective distribution, like Courteney® boots and Melvill & Moon British Campaign Furniture.

In many cases, our new items are ones you specifically request-like our new .500 NE Cape buffalo culling belt. Talking to almost 100 of you each month and more importantly, listening to what you have to say, has helped us to take the guess work out of our new product introductions. This approach has allowed us to carve out a special spot in the marketplace and we will continue to expand our offerings within the reserved space you have set aside for us. You “spoke” and we listened-in this catalog you will find 25 new items and 20 of them are African Sporting Creations exclusives.

Left to our own devices, each of us would create our very own dream job-lots of the good with none of the bad. For us that would mean a white board, a bunch of erasable markers and lots of time field testing our new creations-which is essentially what we get to do today! Thank you for letting us do what we love and for allowing us to help you put a little more enjoyment and adventure in everything you do.

Good hunting,

Jim & Elisabeth

AFRICAN SHOOTING STICKS

Many years ago we only offered one product: *African Shooting Sticks*.

We set out to make the best ones available and the rest of the business developed from that first, initial product. As a result of the success of our original offering, we have expanded our shooting stick line to include the widest assortment found anywhere. Every model is designed to fit into an airline approved gun case so you can practice with the same set you take with you during your travels.

UNCONDITIONAL LIFETIME WARRANTY

Absolutely the finest sticks available today are made by African Sporting Creations. Custom built for your height, they are available in various exotic hardwoods; are fitted with buffalo, zebra, or other exotic leather; and can be engraved with your name. While you might think they'd be heavy, they're actually lighter than competing metal and plastic versions, and they are far more durable. I've broken a few sets of modern sticks and have seen many more broken, but even African PHs, who work their shooting sticks incredibly hard year-round, don't wear out or break those made by African Sporting Creations.

Joseph Von Benedikt
August 2016

Shooting sticks have become standard tools for hunting in many places around the globe. A solid pair of sticks provides you with a steady platform from which to deliver an accurate first shot, regardless of the terrain.

African Sporting Creations offers a line of handmade sticks designed to last forever and backed up with an unconditional lifetime warranty.

TURNBULL SHOOTING STICKS

Turnbull Manufacturing color case hardened the steel take-down connectors showcased on this offering. Turnbull is the preeminent practitioner of this timeless process, which graced the finest rifles, pistols, and shotguns from the golden age of American firearms production.

To support the added weight of the steel connectors, we selected an exotic red-toned Jatoba for the rigid, kiln-dried shafts, and finished them with clear poly to highlight the color and graining of this stunning wood.

We have made thousands of shooting sticks since 2002 and during that time we have perfected our craft. We are pleased to bring you this model that leverages all of our experience and enables us to elevate the functionality inherent in all of our shooting sticks to a work of art. **\$499** Engrave name for **\$49**-Order by 12/18 for holiday delivery.

How do these sticks differ from our Platinum Grade offerings?

- » Steel color case hardened connectors expertly done by Turnbull Manufacturing.
- » Extra-soft, hand-sewn, circular American bison leather tops protect the checkering on your fine rifle.
- » Custom made brass sleeves line the holes where the three shafts are joined. This was done to replicate the way high-end rifle maker's accent their locking lug bolts.
- » Beautiful 5 MM mammoth ivory "night sights" inlaid into the two shafts grasped for set-up. This was inspired by bespoke double rifles that used a flip-up ivory front sight for low-light conditions.
- » Concealed screws affix the color case hardened connectors to the wooden shafts without blemishing them in any way.
- » An unobtrusive O-ring at the base of each connector (see Mammoth ivory inset photo) minimizes the possibility of the connectors coming into contact with each other.
- » Heavy-duty canvas carrying case.
- » Weigh approximately 3.5 lbs. or about a pound more than our Aluminum models.

DARK CONTINENT SHOOTING STICKS

Red, black and brown are the colors most commonly found on Maasai warrior shields and that is why we selected three stunning exotic woods in the same colors for this exciting new model. The wood shafts are hand-finished from African Sapele (*red*), African Wenge (*black*) and African Shedua (*brown*). We engrave each of the top three connectors with the names of its wood species so you will always remember them. The sticks are available in large length only (fit those 69"-75" tall), weigh less than 3 pounds, and are 36" unassembled.

Our **Dark Continent Shooting Sticks** are perfect to hang a favorite hat or binoculars from in a special corner of your trophy room or to commemorate a special hunt with your son or daughter. They are a great gift to your PH or to use on your next hunting trip locally or abroad. **\$429 Engrave name for \$49-Order by 12/18 for holiday delivery.**

LIMITED EDITION STICKS

Only one dozen sets of this special model will be made each year and they come with a numbered and signed letter of authenticity.

All sets come with the following:

- » Gray hippo or gray elephant hand-sewn, leather tops
- » Shock cord holes lined with custom brass sleeves
- » Mammoth ivory "Night Sights" so you know which two legs to grasp for set-up
- » Three anodized aluminum connectors engraved with the name of the three wood species
- » Heavy-duty canvas carrying case
- » The only option offered on these top-of-the-line sticks is engraving the lucky recipient's name in the wood of the middle shaft.

PLATINUM SEASONED HUNTER STAFF-One of our "seasoned citizens" wanted a shooting stick that would double as a stout walking staff to help him navigate the toughest terrain. The 1" diameter exotic wood shaft is very strong, and it is combined with a virtually indestructible take-down connector. The pictures below will give you a good idea of the features we incorporate into one of the nicest products we make. Available in the three exotic woods pictured on the next page. *\$449 for burr antler top, \$399 for main beam antler. Specify your actual height in inches and whether you use a scope or iron sights. HEAVY-DUTY BIPOD-PH Len Taylor from Zimbabwe challenged us to build him a bipod that would be rock steady and virtually indestructible. This is what we created. The 1" diameter construction is super strong and the Ash shafts are incredibly tough. The take-down connectors are the same ones we designed for the Green Beret snipers to use with the .50 caliber BMG round. These sticks feature thick rubber tops and a heavy-duty canvas carrying case. *\$249 Available in Large (69-75"). Engrave name for \$49-Order by 12/18 for holiday delivery.*

PRONE SHORTIES are for spot and stalk varmint hunters who want a stable, light-weight model that can fit in their back pocket. They measure approximately 18.5" overall and come with our hand-sewn circular leather tops. *Gold Grade w/exotic wood-\$49 or Silver Grade w/ Hickory-\$39*

AFRICAN SHOOTING STICKS

PLATINUM EXOTIC WOOD STICKS-These are the quietest, lightest, and toughest sticks on the market and are the same ones that earned the coveted Gray's Best award in 2009. The rigid, exotic wood shafts come with two pairs of hand-sewn, circular tops that will not snag on brush, one in leather and the other in zebra or buffalo. The anodized take-down connectors are milled out of solid aluminum and have three points of contact for unmatched strength. Use the same sticks the best known PHs in the business rely on season after season and that travel everywhere with Craig Boddington. Heavy-duty canvas carrying case included. Available in the three exotic woods pictured. *Specify Medium (under 68"), Large (69-75") and XL (above 76")* **\$349**. Engrave name for **\$49**-Order by 12/18 for holiday delivery.

This is the same version Dirk de Bod, the SCI and DSC PH of the Year, has been using for the past 10 years. *Large: for 69'-75" hunters-\$229, XL model for hunters 76"+ \$249*

"I am a firm believer in "African style shooting sticks" and have been using sticks from African Sporting Creations for several seasons. This year African Sporting Creations' screw-in tripod has become a permanent part of my gear. I took them to Pakistan in January where I used them "short" to take a Sind Ibex and "long" to take a Himalayan Ibex at long range in deep snow. Right now I am in Argentina--and you can bet my sticks are here with me!"

- Craig Boddington

RESTS

DOUBLE RIFLE REST-(left) Padded leather rest is designed to slip over our shooting sticks and fits wide double rifle foreends like a glove but will also work with bolt actions. Allows you to stand up and roll with the recoil. \$39

PADDED BLIND REST-(right) Filled with light-weight beads encased in thick leather with two weighted flaps and is designed to be used from the windows of rigid blinds. \$39

SUPER COMPACTS & BRUSH STICKS

Our Most Versatile Sticks

SUPER COMPACTS are for those who like to travel with their firearms incognito in a shorter take-down case (Blaser®, double rifles) and need a more compact set of shooting sticks. Instead of one set of anodized take-down connectors, these have two. The shorter wood sections make these sticks even more rigid than our other models. To make sure you can plant them in the ground, pointed tips are always facing down whether you use one, two, or all three sections. These are also our most versatile shooting sticks. Use the top section alone to shoot from the prone position. Connect the top section to the bottom ones which feature quiet wood points to shoot from the kneeling position or to make a 48" walking staff for navigating rough terrain. Use all three sections to shoot from the standing position.

Featherweights-Weigh approximately 2.5 lbs. and use red-toned African Sapele, a light-weight but very rigid exotic hardwood for the top and bottom sections. Hickory stained a medium brown color is used for the middle sections. **\$399**

Standards-Weigh approximately 3.5 lbs. and use hickory stained medium brown for all sections. **\$349**

Large size fits hunters 69"-75", and the longest section measures 26". XL fits hunters above 76", and the longest section measures 28" (will fit in a Blaser® case). *Engrave your name on the connector for \$49. Order by 12/18 for holiday delivery.*

BRUSH STICKS

Our Brush Sticks are 70" when assembled and 46" long when the 27" bottom sections are removed to allow for greater ease of use from the kneeling or sitting positions. They are also the perfect height to use as a staff when navigating uneven ground. They fit into a full-length gun case for easy air transport. Specify L length for hunters up to 75' and XL for those over 76"-**\$249. Engrave name for \$49 - Order by 12/18 for holiday delivery.**
