## GIFT SERVICE

Looking for a special gift? We can help! Give us a call at (419) 529-5599 and let us do the work for you. Relax and enjoy the holidays knowing you have found the perfect gift for the hunter in your life.

## A NOTE ABOUT OUR PRODUCT WARRANTIES

While our company has changed considerably since we began, our focus on you - the customer - has never wavered. We still offer the very best warranty in the business. Simply stated, if you buy it from us and are not satisfied, return the item and we will fix it with our compliments, replace it or refund your money. One of the advantages of only offering the very best products is that our returns and repairs are negligible. We have sold hundreds of shooting sticks in the past seven years but only three sets have ever been returned (for repairs that would have damaged steel shafts).

## GRAY'S BEST

Speaking of our shooting sticks, this year they won the most coveted award in the industry: a Gray's Best. It was incredibly rewarding to receive this recognition for the product upon which our company was founded. Our shooting sticks are made right here in our little shop in Ohio, and we are very proud of their unsurpassed quality and workmanship. That level of quality is the benchmark against which we measure all of the products we offer.

*"I returned home after weeks abroad and found all my orders waiting for me. I could not be more pleased. Everything is just perfect! The gun rack looks great-the wood is magnificent. The Rhodesian Teak cane stand is every bit worthy of the beautifully scrimshawed "Big Five" cane. The zebra skin pillows will add just the right finishing touch. Once the room is finished I will send photos. Thank you for such fine products. The workmanship and materials are all first-class!"*

## PREMIUM GRADE

These handcrafted, take-down shooting sticks are the same ones that received the coveted Gray's Best award and that travel everywhere with Craig Boddington. They combine positive-locking aluminum connectors, extremely rigid, kiln-dried exotic wood shafts and eye-catching zebra tops for unmatched performance and visual appeal. They are also the quietest sticks on the market due to the noise suppression bumpers on the connectors and sharpened wood bottoms that eliminate any metallic noises. The connector is milled out of a solid block of aircraft aluminum and has three points of contact for unmatched rigidity and strength. Make them even more special by having your name (or a lucky recipient's) engraved on the connectors for an additional fee. Heavy-duty canvas case included. Use the same sticks the best known PH's in the business rely on season after season! \$349

*"Back from Africa. Your sticks worked wonderfully. I never could have made the demanding 150 yard shot on my trophy kudu using the sticks in camp. I'll send some pictures of me shooting the kudu and buff off of them in a few days."*

# KNIVES

## THUMP AND RAINDROP FOLDERS

Corrie Schoeman has been making knives since 1965. His attention to detail, incredible workmanship and the fact that he does 100% of the work and fitting on machinery he designed and built gives him the ability to make true works of art. He sets citrines or rubies in the thumb stud and spine and adds beautiful file work to the top of the hand-hammered Ettore Gianferrari Damascus blade, liners and back-bar. The handle is petrified Mammoth Molar. These 7.5" folders are exceptional pieces, and you will be hard-pressed to find a knife made with such tremendous care and skill at any price.

### PRE-BAN ELEPHANT IVORY WINE STOPPERS

These stoppers combine a thick, pre-ban elephant ivory medallion that is custom-fitted into the top and turned to a point to increase the visual impact of the piece. The two exotic woods offered, African Blackwood and African Bubinga, are extremely dense and take a beautiful finish. These extra-large stoppers make a beautiful and memorable presentation. Due to state law, this stopper can not be shipped to CA, IL, MA or NY. \$129

Warthog Openers

### WARTHOG OPENERS

These openers are easily distinguishable from those made for the curio trade that generally do not stay together past the first six-pack or case of wine. An old German silversmith in Namibia handcrafts each one with a meticulous attention to detail. Each piece is polished by hand for a beautiful, satin gloss finish. The workmanship is flawless, and these openers will last a lifetime. The warthog tusks measure approximately 6" around the curve for medium, 7.5" for large and approximately 9" for the extra-large. We offer bottle openers and combination openers (bottle and wine) in a variety of sizes.

Medium Opener-\$79 ; Large Opener-\$89; XL Opener-\$99; XL Combo-\$119

*"I have worn my Crocodile Ranger Belt for the past year and it still looks brand new. The last one I ordered from a big mail order outlet cost about half as much and delaminated after two months. You always get what you pay for!"*

## CROCODILE ACCESSORIES

### AUSTRALIAN SALTWATER CROCODILE BELTS

These belts are the best we have ever seen and feature the durable and dramatic "hornback" portion of the hide. This highly sought-after type of crocodile leather is usually reserved for high fashion items but our small batch maker incorporates this prized cut into every belt he makes. While there are many other croc belts out there, we have never come across one that combines the "hornback" section with one-piece construction and tough-as-nails durability. We passed on a number of belts that patched together several short pieces of less desirable belly skins before coming across these impressive belts. We guarantee you will not be disappointed with either the casual Ranger style or the more formal Dress style. Order yours today and start turning heads tomorrow!

Even sizes, 32"-46". \$349 each

### AUSTRALIAN SALTWATER CROCODILE WALLET

These beautifully crafted wallets are made by our belt maker and match the belts perfectly. They are available in brown or black, look great, and will provide years of service. \$349
